Mission Statement- It is the mission of Marie Detty Youth & Family Service Center, Inc to provide a continuum of care for the children, youth, and families of Southwest Oklahoma. Prevention, diversion, protective, and treatment services establish the cornerstone of intervention. Additionally, we will advocate on behalf of children, youth, families, and on issues impacting our communities.

What We Provide

• Assessment and Referral Services

- **Community Intervention Center (CIC)-** A Partnership with the city of Lawton to provide intake, assessment services, and supervision to juveniles arrested by local law enforcement officials for various reasons (curfew violations, runaway, shoplifting, fighting, etc.)
- **Resource Family Assessments-** Provides home study assessments for referrals from the Department of Human Services. All work is conducted in the client's home. Home study results determine if a home will be considered as a placement for youth.

• Prevention Services- several classes and programs

- Prevention Classes (Parenting and Anger Management)
- First Time Offender Program (involves juveniles and their parents in 12 or more hours of skill development classes)
- Center for Advocating and Reintegrating Youth in Education (CARE)
- Choice Program (An alternative program in lieu of Lawton Public School suspension.)
- Gang Intervention Grant Program (This program works with at-risk youth and their families to prevent gang violence, promote positive social interaction, and address educational goals. There are two phases: Street outreach and family counseling)

**SFA Council
