Severely Wounded Veterans

Mission Statement- Operation IMPACT (Injured Military Pursuing Assisted Career Transition) is a Northrop Grumman initiative designed to provide career transition support to military service members and their families who have been severely injured in the global war on terror.

Limitations- Career transition support through Operation IMPACT is provided to the most severely wounded service members and veterans who are transitioning, or have transitioned, from military service and meet the following criteria:

Suffer from injuries or illnesses incurred while deployed in overseas contingency operations supporting Operation Iraqi Freedom (OIF) and/or Operation Enduring Freedom (OEF) since September 11, 2001.
And, either;

What We Provide

- Operation IMPACT is a unique recruitment program that provides personalized assistance to severely injured service members in identifying potential career opportunities.
- In the event the injured service member is unable to work, this service is also extended to his/her immediate family member who will serve as the primary wage earner, as well as widows and widowers of fallen service members.

Who We Help- Severely Wounded Veterans
