TYPES OF RESOURCES

The Department of Veterans Affairs has three operating administrations:

Veterans Benefits Administration (VBA) The VBA helps veterans, as well as their families, by providing them with numerous benefits and services.

Veterans Health Administration (VHA) The VHA is responsible for providing quality, efficient and accessible health care to veterans in the largest health care system in the United States. VHA is the nation's largest provider of graduate medical education and a major contributor to medical and scientific research. VHA also provides emergency medical preparedness and disaster response.

National Cemetery Administration (NCA) The NCA provides memorial benefits to veterans and their dependents. We maintain the cemeteries as national shrines. The NCA honors veterans with a final resting place and lasting memorials that commemorate their service to our Nation.
